Subject: Conflict Minerals Resolution  
From: China Spring Products Corp  
Alfonso Jaramillo, General Manager

Dear Valued China Spring Products Corp Customer.

You have requested our conflict minerals policy. As you may know there has been questions regarding section 1502 of the federally en-acted Dodd-Frank Act also know as the “Conflict Minerals” legislation. However the elements subject to this provision namely Gold, Tin, Tantalum and Tungsten are neither mined nor in any way necessary to the production of the wire products and wire springs we sell to you. This would make the products we sell exempt from this legislation.

Be assured, China Spring Products Corp will continue to monitor the “Dodd Frank Act” regulations for any new minerals added to the list . China Spring Products Corp will compare any newly listed minerals with the raw materials in our finished product and communicate this information to our customers.

Best Regards

A handwritten signature in black ink on a light-colored background, reading "Alfonso Jaramillo".
